COLOR

01

Section off an oval shape on top of the head and start back to back slicing off the whole section using color A.

02

Use color B as the 2nd color and now alternate the 2 colors with back to back slicing.

03

Color the remaining hair from roots to ends with color C.

CUT

01

Start at the back and create the end length.

02

Take a section at the crown. From there layer the hair around the head.

03

Create the front layers with slicing technique.

STYLING

01

Prepare the hair by pre blow-drying.

02

Use the curling iron to create the front.

03

Use a medium size round brush to create volume and movement.
