

# Wella Color Tango Shade Chart

Wella Color Tango delivers rich and deeply pigmented shade results on a calibrated color system from balanced neutrals to intense reds. This means you can intermix shades to create customized results. For example, if you want to create a red shade that is in between a level 8 Light Red Blonde and a level 6 Dark Red Blonde, you would mix equal parts of 8R Light Ginger + 6R Auburn to create a level 7 Medium Red Blonde.

Color Tip: Wella Color Tango is a richer and more opaque color result in comparison to Wella Color Charm. If you are currently using Wella Color Charm, we recommend selecting a Wella Color Tango shade that is 1 level lighter than your existing shade to avoid getting results that are too dark. Remember to mix Wella Color Tango in a 1:1 mixing ratio and process for 30 minutes.

	NATURAL		BROWN		COOL	RED			
	Use these shades for 100% coverage on stubborn grays and for natural looking results that are neither warm nor cool.		Use to create rich and luxurious tones that are warm without looking brassy.		Allows you to neutralize and control unwanted warm tones. Intense Cool can be used to modify your existing formula or use alone for a silver, gray result.	A full range of reds from natural-looking red copper to intense red violet. Add GG (Intense Gold) or RV (Red Violet) to intensify your shade results or use alone to create on-trend fashion shades.
