Roots Background:
30g 6/91 + 30g 6%
Lights:
20g Blondor Plex + 30g 6%
Toner Ends:
20g 7/36 + 40g 1.9%

1 ROOTS

Start by applying the darker root color through the back, then apply your lighter root color around the face frame.

2 LIGHTS

40 min

Weave through your lights around the face and freehand paint areas throughout where you want to increase dimensions.

3 TONE

15 min

Once rinsed and removed apply your toner throughout and work through with your hands.

Top Tip

When subtle lightening is required apply your roots first. But ensure to keep distance between your lightener and root color.
