

KOLESTON PERFECT

PRESENTS THE DEEP BLONDE

THE DEEP BLONDE

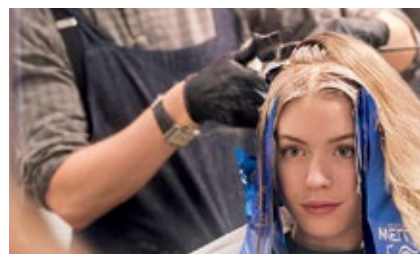

COLOR:

Create a large diamond shape on top. In diagonal sections apply formula A at the root area blending into mid lengths erratically.

Apply Color B throughout the remaining ends erratically using foil to separate.

Work through the diamond from back to front taking zig zag sections back to back applying the color in the same way. Develop, shampoo, rinse & apply formula C.

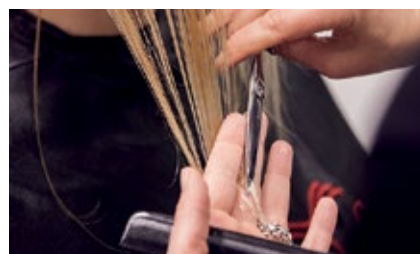

CUT:

Create a strong base line at the desired length at back and sides.

Cut a gentle curve at the front to create softness.

Blend the front to the sides.

STYLING:

Blow dry with a large round brush to create soft volume.

Use a large barrel tong to give extra lift at the root area.

Apply smooth brilliance to finish & polish the look.
