Shinefinity glaze:
D) 15g 09/81 + 15g 00/00 + 30g activator

1 HIGHLIGHTS

Use medium weaves of formula A+B through the crown and top sections.

2 ACCENT SHADE

40 min

Create two/three, bold, thick slices of formula C on the side sections and below the crown for depth and shadow.

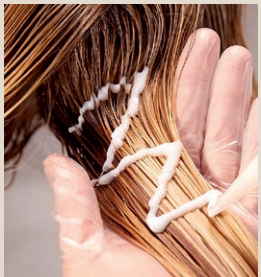

3 GLAZE

20 min

Once the lights has been rinsed and removed, finish by applying formula D to pre shampooed towel dried hair, develop up to 20 min.

Top Tip

Using Shinefinity to glaze will preserve the natural hair.
